

change in the future – that everything and anything of consequence or significance has involved, is involving or will involve the Jewish people!

Past empires, distant or near in time or space, rose and fell, and future ones will rise and fall because of the Jewish nation. If we can't always discern the historical connections of all great historic events with the Jewish people, it is only due to our intellectual limitations. But the principle is intact – humanity and its march in time revolves around HaShem's chosen nation as the planets orbit the sun. And just as each planet revolves in its particular orbit contingent on the gravitational energy exerted on it by the sun, so too do the nations of the world develop in relation to the direct or indirect Jewish influence on them.

The descendants of Yishmael and Aisav have always been closely involved with the descendants of Avraham, Yitzchak and Ya'akov. Hence, their development is more sophisticated than cultures which were less involved with the knowledge of HaShem as passed on through the Jewish people.

Numerous studies have been made into the genealogy of major European leaders and found that Jewish blood flowed in their veins.

Yishmael and Aisav as individuals, had a love-hate relationship with their Jewish brothers – Yitzchak and Ya'akov – that they passed on to their descendants. The Christians and Moslems have so much to be indebted to the Jewish nation and our teachings, but the scratch in their brains makes it impossible for them to live with us or to live without us. When we are in the galut, they say "Go back to Eretz Yisrael"; and now that we have returned to Eretz Yisrael they say, "You do not belong there".

I wish to point out three nations in particular: England in Western Europe, Turkey with one foot in Europe and the other

in Asia, and Iran (Persia) deep in Asia. There is no apparent connection between them, save for one – they are the most anti-Israel nations in the world today.

England is the seat of intellectual anti-Israel feeling. Their universities boycott ours, and every Israeli is in danger of being arrested, which prevents ranking army officers and cabinet ministers from going there. Turkey is regressing into Islamic darkness, with the initiation fee being the severing of its ties with the Jews in Eretz Yisrael. Iran is Shi'ite, removing them from the thought processes of rational people.

But why just these three nations?

I suggest:

They have a common historic experience. Each was an empire with colonial holdings, which included Eretz Yisrael. Until HaShem's stopwatch of history sounded and the Holy Land expelled them. Their insatiable jealousy at losing the fulcrum of human activity leaves them little room for rationality. Their anti-Semitic and anti-Israel policies will be the cause of their destruction as national entities.

The prophets predicted the fall of the great empires of their times: Assyria, Babylon, Egypt and Phoenicia. Would they be alive today, the prophets would speak of the downfall of all the nations that are preventing the fulfillment of our God mandated obligation to return and rebuild the Biblical lands in our possession.

To return to the question of HaShem's master plan for us in the Holy Land...

With every passing day, our gentile enemies become more bold in their alienation. In addition, many Jews in the United States – orthodox and otherwise – being so fearful of their frail status as accepted equals there, are competing with the worst of our enemies in mudslinging at our holy Medina.

The prophecy of what will be our destiny in the generation of the Mashiach was delivered by HaShem through the foul mouth of the evil Bil'am, when he said (Bamidbar 23,9):

אני אראנו מן הגבוה ואת ישראל מן המצודות ואת בני ישראל אשר יגורו בנגד האומות אשר יגורו ואל האומות לא יתעבדו ואל האומות לא יתעבדו :אשר יגורו

From the highest plateau, I will view him (the Jewish people) and from the high places I will acknowledge him. A people that shall dwell in isolation and will not regard the (gentile) nations.

Herein lies the master plan of the Creator.

As we in Eretz Yisrael are increasingly excluded from international forums designed to de-legitimize the Jewish state, we will draw ever closer to the God of Israel.

The evil Bil'am saw the future return of the Jewish nation to HaShem and the Torah. It will be brought about by our non-reliance on foreign "friends", coupled with HaShem's miraculous intervention in unprecedented military victories.

The RaMBaM (hilchot Melachim) states that the Mashiach will lead us in our final wars, that is to say the Mashiach will have a military background. This puts an entirely new perspective on who to expect to be HaShem's messenger to redeem His people.

Who will populate Eretz Yisrael in the future?

The wide expanse of the Golan is waiting for millions of Jews to settle there and infuse the area with Torah life. Yehuda, Shomron, the Negev and Galil, will be settled by tens if not hundreds of millions of Jews returning home.

From where will all these Jews come?

For this we have to think "outside of the box".

They will not come from the Jewish community in the United States which is quickly dwindling through inter-marriage, coupled with apathy and antagonism of most orthodox Jews towards God's greatest miracle of the last 2000 years. The Jews of Western Europe and South America are following suit.

The 70 plus years of opportunity for the Jews in the West to return home is rapidly ending, for the timetable of HaShem waits for no man.

The big numbers will come from the hundreds of millions of Jewish descendants of the Ten Tribes and Anusim (people forced to abandon Judaism and adopt a different religion), who will awaken one day to their Jewish heritage. They are the Jewish nation of the future, as prophesied by Yechezkel (11:17)

אני אגיד לכם אודות ארצות אלה ואת כל האנשים אשר שם
אני אגיד לכם אודות ארצות אלה ואת כל האנשים אשר שם
:אני אגיד לכם אודות ארצות אלה ואת כל האנשים אשר שם

Therefore say: 'This is what the LORD says: I will gather you from the nations and bring you back from the countries where you have been scattered, and I will give you back the land of Israel again.'

As Malbim explains this verse:

אני אגיד לכם אודות ארצות אלה ואת כל האנשים אשר שם
אני אגיד לכם אודות ארצות אלה ואת כל האנשים אשר שם
אני אגיד לכם אודות ארצות אלה ואת כל האנשים אשר שם
אני אגיד לכם אודות ארצות אלה ואת כל האנשים אשר שם

"In the future HaShem will gather the Ten Tribes from faraway lands, those who did not return at the time of the second
